

The Consumer Bankers Association (CBA) is challenging the Indiana Privacy Law in an attempt to impose the "established business relationship" exemption on Indiana residents. This would open up the possibility for hundreds of unwanted phone calls for Hoosier families. I am very much opposed to this attempted intrusion into my family life. Please consider the privacy of families when considering this petition and reject this plea from the CBA. I appreciate the quiet and uninterrupted family time the Indiana Telephone Privacy law has given me, I am asking that this request be denied.
